

Parental Involvement Policy

Statement of intent

We believe that children benefit most from early years education and care when parents and settings work together in partnership.

Aim

Our aim is to support parents as their children's first and most important educators by involving them in their children's education and in the full life of the setting.

We also aim to support parents in their own continuing education and personal development.

Method

In order to fulfil these aims we:

- are committed to ongoing dialogue with parents to improve our knowledge of the needs of their children and to support their families;
- inform all parents about how the setting is run and its policies through access to written information (regular newsletters / website www.plumeavenuenursery.co.uk) and through regular informal communication. (We check to ensure parents understand the information that is given to them)
- inform all parents on a regular basis about their children's progress and opportunities for them to support their learning at home; verbally, by email and online via the Tapestry learning journal system.
- involve parents in the shared record keeping about their children - either formally or informally - and ensure parents have access to their children's written developmental records;
- provide opportunities for parents to contribute their own skills, knowledge and interests to the activities of the setting;
- provide information about opportunities to be involved in the setting in ways that are accessible to parents with basic skills needs, or those for whom English is an additional language;
- welcome the contributions of parents, in whatever form these may take;
- inform all parents of the systems for registering queries, complaints or suggestions and check to ensure these are understood. All parents have access to our written complaints procedure;
- provide opportunities for parents to learn about the curriculum offered in the setting and about young children's learning, in the setting and at home.

If parents/carers need to discuss any matters privately with a practitioner or member of the management team then an area within the church can be made available.

The following documentation is in place:

- admissions policy;
- complaints procedure;
- record of complaints;
